We strive to raise solid, good-doing cattle that will work in any operation. Raising our cattle on fescue pasture, they need to be hardy, correct, and thrive in real-world conditions. As we are a family-owned operation, docility is of utmost importance, so we select heavily for calm dispositions. The Limousin breed is known for its muscle, feed efficiency, and carcass merit. Our bulls combine MUSCLE, docility, balance, and growth so you can increase your bottom line. All cattle are available for viewing and purchase now. Visits to the farm are always welcome and we would look forward to helping you find the bull that meets your needs!

One of our favorite Justified sons, in top 35% of the breed or better in 14 traits, long bodied, big boned, and growthy. His dam is a FILL Elevate daughter who has a good one every year, and goes back to a prominent female we purchased from Symens, who is still here and has made her mark on our herd. Great combination of maternal, calving ease, growth, disposition, and muscling.
